

Michigan Flower Farm

2015 Estimated Bloom Times

Approximate Bloom Times – Some flowers depend heavily on climate to determine when they will bloom. This is especially apparent at the beginning of their bloom cycle. At the end of the bloom cycle, most importantly through the month of October, frosts and freezes can end the bloom cycle.

Visit michiganflowerfarm.com for more information – Thanks!

Flower Name	March	April	May	June	July	Aug	Sept	Oct	Nov
African Daisy				Green	Red	Dark Red			
Ageratum				Green	Red	Dark Red	Green	Orange
